## EDUCATION

- » **2000 - 2003: BA(Hons) New Media Production - Bournemouth University**  
Creative approaches to new media design and interactivity, cultural studies and media theory.
- » **1998 - 2000: Chichester High School Sixth Form**  
4 A-Levels (A-C): Media Studies, History, English Language & General Studies.
- » **1993 - 1998: Chichester High School For Boys**  
10 GCSE Passes.

## SKILLS & ABILITIES

- » Mac & PC fluent.
- » Software skills include: Photoshop, Illustrator, Dreamweaver, HTML/CSS & Flash.
- » Creative flair and design skills with a speciality in user-centered design.
- » Ability to work efficiently as an independent worker or team player.
- » Excellent communication skills and thorough work ethic.
- » Passionate about design, creative ideas and driven to constantly improve.

## WORK EXPERIENCE

- » **January 2008 - June 2008: Russell Investments**  
As Front-end Web Designer, and working alongside a development team, I oversaw the design & implementation of Russell's new brand identity into all online activities in the Australasia region.
- » **February 2005 - July 2007: Atelier Studios**  
Employed as a Web Designer with a promotion to Lead Designer the following year. I oversaw the design process and mentored junior designers. Major clients included: Autodesk, Addict Clothing & Lawton Communication.
- » **November 2003 - December 2004: Alchemy Digital**  
Employed as a Web Designer, I was responsible for creating and implementing user-focused designs for major global and UK blue chip clients such as General Electric, Centrum Multivitamins, Anadin, Twinings and Apple. I was also responsible for DVD and Flash based presentations for clients such as Denplan, David Clulow and McVities.
- » **July 2002 - November 2003: Granada Media (ITV)**  
I was employed at Granada as a Web Producer and worked across the ITV brand and Granada corporate entity. The role was a varied one in which I would liaise with ITV franchises to maintain their sites, work with news journalists publishing online and design and build programme sites. I also worked on the design and build of various Granada corporate sites, intranets and CD-Roms.
